***NAVY PERSONNEL COMMAND,
NAVY ALCOHOL AND DRUG
ABUSE PREVENTION
BRANCH (PERS-663)***

16 April, 2003

NADAP:

Navy's Alcohol and Drug Abuse Prevention (NADAP) Branch's mission is to support Fleet readiness by reducing and preventing alcohol abuse and enforcing Navy's Zero Tolerance policy for Drugs. Administrative separation waivers for alcohol abuse are processed by NADAP. NADAP also coordinates the Fleetwide urinalysis program and provides technical assistance in using the Navy Drug Screening Program (NDSP). NADAP also disseminates the latest in substance abuse prevention education and is your source for policy-related questions. For more information, e-mail: p603a@persnet.navy.mil. You should also visit the website: <http://navdweb.spawar.navy.mil>

Navy Drug Screening Laboratory:

Navy Drug Screening Laboratories (NDSL) test all urinalysis samples for evidence of drug use. Samples for PACFLT commands are to be sent to NDSL San Diego for testing. Requests for sample retests are to be routed through NADAP. NDSLs DO NOT test for steroids. Steroid requests should be routed through NADAP. For more information on NDSL San Diego, call (619) 532-9372, DSN 522.

ADMITS:

The Alcohol and Drug Management Information Tracking System (ADMITS) collects and maintains data on all alcohol and drug-related incidents, command and self-referrals, education and training, and screening and treatment for all Navy personnel

Skills for Life:

Skills for Life is a Computer-based training (CBT) program designed for 18-23 year old Sailors. This CBT not only stresses substance abuse prevention, but also essential life skills like financial and time management. E-mail: p603b@persnet.navy.mil

CAAC/SARP:

The CAAC/SARP provides all commands with a program of clinical screening, evaluation, referral and therapeutic counseling for alcohol and drug abusers, supplemented by education and administrative assistance. These facilities manage nonresidential Level I treatment and the 20-hour IMPACT class.

DAPMA:

DAPMA conducts training courses for Urinalysis Program Coordinators (UPC), Drug and Alcohol Abuse Prevention Assistants (DAPA), and Alcohol and Drug Abuse Management Seminars (ADAMS). Trained command personnel can integrate alcohol and drug abuse prevention education into daily Fleet operations to ensure improved operational performance. For more info visit the website: <http://navdweb.spawar.navy.mil/dapmasd/index.htm>

NCIS:

The Naval Criminal Investigate Service (NCIS) is a worldwide law enforcement organization that protects the men and women of the Navy and Marine Corps, their families, and Department of the Navy (DON) civilian employees by conducting felony criminal investigations and counterintelligence for DON, and managing Navy security programs. For further information, visit the website: www.ncis.navy.mil

PREVENT:

PREVENT is a course targeted at 18-26 year old Sailors and Officers. It addresses many skills and topics that help participants to decide not to use illegal drugs and not abuse alcohol. It also addresses the issues of sexual responsibility, family violence, core values, stress, financial responsibility, and health and fitness. For more information, log on to www.preventonline.org
